PROFILE

I am a highly competent IT professional with a proven track record in IT support, networking and troubleshooting. I have strong technical skills as well as excellent interpersonal skills, enabling me to interact with a wide range of clients. I am eager to be challenged in order to grow and further improve my IT skills. My greatest passion in life is using my technical know-how to benefit other people and organisations.

EDUCATION

Al Baath University

2017 Graduate

Bachelor of IT Engineering - Networks Engineering Dept

Homs, Syria

- 1- Working knowledge of computer concepts and essential skills necessary for work and communication in today's society.
- 2- In addition to the many practical projects that I have accomplished during my study phase, the most important were protection of networks by using the protection protocols and Windows Server projects.
