**SCOM**

Maintains and administers System Center Operations Manager. Enrolling managed servers, creating group memberships and management packs, configures monitoring and notifications for any related server and appliances alerts.

**SKYPE FOR BUSINESS 2015**

Installation, deploy and configuration skype for Business 2015 successfully testing instant messaging (IM) audio and videos calls, conference and screen sharing, location sharing.

**NETWORKS**

U2000 network management system, Hardware installation, Basic commissioning of NE40 X8, Version up gradation of Huawei routers.

**SOFTWARE**

Microsoft Visual Studio 2008, NetBeans, Microsoft SQL Server Management Studio Express 2005.

**HARDWARE**

Basic understanding and troubleshooting of Hardware.

**WEBTOOLS**

Microsoft Visual Studio 2008, Standard Edition (J2SE) using NetBeans, Macromedia Dreamweaver, Ajax, Dynamic Crystal Reports

**LANGUAGES**

ASP.NET using C#, Java 2 Stand Edition, JavaScript, HTML, PHP, SQL, LINQ, CSS, Stored Procedures

**OTHER IT SKILLS**

Photoshop, CorelDraw, Email, Web Developing, Linux

**EXCHANGE SERVER 2013 UPGRADATION FROM CU12 TO CU21 MOBILINK MICROFINANCE BANK LTD.**
Upgrading their current E-mail system based on Microsoft Exchange Server 2013 from the cumulative update CU12 to CU21 total 8 exchange 2013 cu12 Servers (3 MBX, 3 CAS and 2 EDGE). Upgrading all servers to latest available CU21 without effecting any services in production environment.

**FAUJI FERTILIZER COMPANY LIMITED SKYPE FOR BUSSINESS 2015 EDGE SERVER DEPLYOMENT**
Installation and configuration of Skype for business 2015 Edge server and integrate Edge Server with existing Skype for business 2015 front server for anonymous, federation and external user to allow communication.

**MINISTRY OF IT & TELECOM MICROSOFT EXCHANGE SERVER 2016 UPGRADATION**
Messaging system Exchange server 2010 sp1 upgradation to exchange server 2016, Hyper-V for virtual infrastructure and Active Directory Services upgradation 2008 R2 to 2012 R2**.**

**EXCHANGE SERVER 2016 DEPLOYMENT AND MIGRATION BANK OF KHYBER**

1200 user and 7 TB Email data migrated from third party email services to exchange server 2016. Setup new messaging infra with high availability (DAG), Hyper-V for virtual infrastructure, Active Directory 2012 services and EOP & ATP for mail Security.

**TAMEER BANK MESSAGING INFRASTRUCTURE MIGRATION AND DEPLOYMENT OF SKYPE FOR BUSSINESS**
Migrate 1500 user from Zimbra to Microsoft exchange server 2013, deploy skype for business for 150 users on new infrastructure and 1.7 TB Email Data successfully migrated from Zimbra to Exchange server 2013.

**TECHACCESS MESSAGING SYSTEM MIGRATION TO MICROSOFT O365 CLOUD**
Messaging System Migration from On-premise to Microsoft Office 365 Cloud.300 Users accounts were migrated to O365.Cutoff Migration Strategy was used for migration.

**ESYS FOR UNIVERSAL SERVICES FUND (USF)**
Up gradation of Microsoft Exchange 2007 Messaging System to Exchange 2013.Virtualized Data Center Deployment including Hyper-V servers and System Center Virtual Machine Manager 2012.File Service and Backup Restore Solution.

**HEC OFFICE 365 PRO PLUS**
The scope of this project was focused on provide cloud technology to all Pakistan universities Government and semi government almost 156 universities 80 thousand staff and faculty and 750 thousand student users all over Pakistan that will be facilitate from this project.

**INFRASTRUCTURE VIRTUALIZATION GIZ {GERMAN DEVELOPMENT COOPERATION}.**
Installation, Users (Active Directory) ADS and DNS, DHCP configuration, proxy server and Group Policy configuration, Resources such as programs, Data and printers, Automatic Back UP of client important Data Provide patches/Updates for Clients, WSUS, Security setting.

**NUST INTEGRATED AUTHENTICATION AND AUTHORIZATION SYSTEM**
In this project, our team responsibility to Installation & commissioning of Microsoft Active Directory Infrastructure deployment in Data Center & within all NUST branches. Techaccesspak will implement datacenter solution through the well-known Microsoft methodology.

**HEC WINDOW 8 AND OFFICE 2013 INSTALLATION THROUGH SCCM 2012.**
Installation, configuration and presentation of window 8 and office 2013 include 42 user-end software installation on operating system.

**OGDCL MICROSOFT MESSAGING & COLLABORATION ON VMWARE VIRTUALIZED ENVIRONMENT**
The scope of this project was focused primarily on deployment of a messaging a collaboration suite from Microsoft covering about 15000 users of the company and to provide them a better messaging for the company the whole infrastructure was deployed utilizing Exchange 2010 and ISA Server.

| PROFESSIONAL CAPACITIES | |
